EOM Tips & Help

End-of-month reconciliation is due November 15th! To get started, look below for some tips and help.

Tips

- Re-watch CBTs.
- Complete your usual State Treasurer reporting for VTR for the first half of the month.
- Total the sales tax collected for October from VTR, Legacy NSF's, and VicToRy.
- Do not double count commission on the Form 9.
- Authorize the ACH debit in VicToRy for VicToRy title and registration transactions and all of October's driver license, In Lieu of Property, and Highway Cash: Overload Fines.
- Each daily report should be equal to the sum of all those days combined. If there are discrepancies, investigate a single day instead of the whole half-month.

Help Topics

- Generate a Revenue Report
- View Department of Revenue Forms
- Submit External State Treasurer Funds
- Submit a State Treasurer Payment

15 Hours of Conversion

36,841,348.98 Money Collected

2,456 lbs. of Food Donated

Thanks VicToRy Team!

Thank you to everyone that has made the VicToRy project possible. To the counties that opened their offices for FASTies to tour, to the project members that spent countless hours in meetings, to the treasurers who have led their counties through this change, to the SMEs, testers, and Expert Users who spent time away from home to help ensure the system was thoroughly tested and then trained on, and to all the other incredible team members, managers, and collaborators, we couldn't have done this without you!
